As you may be aware, MOH requires that all grantees with annual organizational budgets of $250,000 or more receive annual audits by an independent accounting firm. Occasionally grantees ask us for references for area accounting firms which serve nonprofit organizations. Our finance team conducted an RFQ in late 2009 to compile a list of such firms. The resulting list of ten firms is above for your reference. Please note, MOH does not endorse these firms, nor has MOH reviewed the qualifications of these firms. These are simply the firms which responded to the RFQ.

If you would like to review the RFQ responses of any of these firms, please consult your grant coordinator.
