The Citizen's Committee on Community Development, Mayor's Office of Housing (MOH) and Office of Economic and Workforce Development (OEWD) invite interested parties to attend a public hearing on the federally funded Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), Home Investment Partnership (HOME) and Housing Opportunities for Persons With AIDS (HOPWA) programs for fiscal year 2012-2013. The purpose of the hearing is to receive comments on the Draft 2012-2013 Action Plan and the Draft Substantial Amendment to the 2011-2012 Action Plan.

The Draft 2012-2013 Action Plan outlines community development and housing strategies and priorities that will be addressed and includes preliminary funding recommendations for projects that will be supported with the four federal funding sources during the upcoming fiscal year. The amounts of funding the City and County of San Francisco will receive from the U.S. Department of Housing and Urban Development are as follows: CDBG - $16,204,214; ESG - $1,609,318; and HOME - $3,955,888. CDBG, ESG and HOME funds will be used for affordable housing development; community facility capital improvements and public space improvements; services that promote economic advancement for families and individuals including case management, information and referral, housing counseling and legal services; economic development activities; homeless and homeless prevention services; organizational capacity building and technical assistance; workforce development services; and administrative costs. The City and County of San Francisco will receive $9,731,577 in HOPWA funding for San Francisco, San Mateo and Marin Counties. HOPWA funds will be used for rental assistance programs and supportive services for persons with HIV/AIDS.

The Draft Substantial Amendment revises San Francisco's 2011-2012 Action Plan as required by HUD in order to receive the second round of ESG funding for fiscal year 2011-2012, which is subject to revised ESG regulations that were recently implemented. For this second ESG allocation, San Francisco will receive an additional $507,457, resulting in a total fiscal year 2011-2012 ESG allocation of $1,409,603. The Draft Substantial Amendment includes preliminary funding recommendations for projects that will be supported with the second round of ESG funding.

The Draft 2012-2013 Action Plan and the Draft Substantial Amendment to the 2011-2012 Action Plan will be available for public review and comment from March 22, 2012 through April 20, 2012.
